

Hello, St. Christopher's!

Whether COVID declines or swells up, in some variant form, these are strange days indeed. Snowmageddon didn't help us much, either! Yet, St. Christopher's is working hard to re-open and to fire up our engines!

Two Sunday services start on September 5<sup>th</sup>! We've started using wine again! Looks like our average Sunday attendance is gaining steam.

And, yet our finances are really tough. We really need your support. The COVID economy has hit us all. St. Christopher's truly needs both your prayers, and your thoughtful financial support.

Please think about what you can do to help keep us on course, and then step up.

Thank you! Be blessed!

Fr. Steve +
